

OVERVIEW

ADDRELEASE WB is a specially formulated blend of chemicals which helps in easy release of form work and provides an excellent finish to concrete.

It is environmentally friendly and suitable for application on molds before pouring of concrete to obtain a fast and clear release from the formwork. Mix clear release agent obtains an improved finish of concrete and helps to avoid damages and blowholes.

Properties :

- Easy release of form work
- Provides an excellent finish to concrete
- Environmentally friendly
- Can be used with gray and white cement on all types of formwork
- An effective rust inhibitor
- Bio degradable and non hazardous
- Provides quick, positive release of formwork
- Reducing the labor costs and damage to formwork and molds
- Minimizes cleaning of shutters before reuse
- Non - staining and economical
- Fast drying and non-staining

PRODUCT MANAGEMENT

Coverage :

30 – 40 m² / liter, Coverage may vary according to the porosity / texture of the mold surface.

Method of Application

No separation is necessary in case of new molds but if an old mold is to be used, all traces of adherent material like concrete or oil deposits must be removed by suitable means prior to use. Can be applied by spray, brush or roller

Appropriation

- Shuttering
- Molds
- Die & cast

In extreme tropical climate, the product must be stored in cooled ambience. Excessive humidity and over exp

GRIPMIX provides an extensive range of products and services for most concrete and finishing needs. Please contact the GRIPMIX for Building Construction Materials Trading Co. LLC-Dubai for further information, samples, demonstrations and instructor services. The information presented in this leaflet is based upon laboratory research, as well as comprehensive field work and application. All products are sold subject to standard conditions of sale which are available on request. This information is based on GRIPMIX's current state of knowledge and is intended to provide general information on GRIPMIX's products and their methods of use. The potential user is recommended to determine the suitability of GRIPMIX's suggestions and products before adopting them on a commercial scale.

Health & Safety

ADDRELEASE WB contains no hazardous substances. As with all construction chemical products, caution should always be exercised. Protective clothing such as gloves and goggles shall be worn whilst handling. Wearing long sleeve overall, safety shoes and face mask is recommended for maximum safety. Reseal all containers after use and ensure product is stored as instructed on the safety section of the labeling. Treat any contact to the skin or eyes with fresh water immediately. Should any of the products be accidentally swallowed, do not induce vomiting, but call for medical assistance immediately.

For more details, please refer to the MSDS released on each **GRIPMIX** product.

TECHNICAL DATA

Product	ADDRELEASE WB
Appearance	Opaque white liquid
Viscosity	5 cps at 20 °C
Carrier	Water based emulsion
Flash point	Nil
Chloride content	Nil
Nitrate content	Nil
